## Ranger Bio

### Rob Rutter

Beautiful Hoover is cared for by Ranger Rob. Rob has been stewarding Hoover since 2016 and prior to that was at our former camp property, Misty Hollow. Since moving to Hoover, Rob has completed a variety of work like building sheds, wash basins and racks. Additionally, he has been clearing the fields, trails and waterfront to bring back the magnificence of camp grounds. Rob's favorite part of Hoover is the beautiful waterfront. Be careful of "Junior Rangers" (page 2) when pulling onto the property!

### Seasonal Rentals ❄️

Please carefully read descriptions marked with a snowflake to see how they are affected by winter availability. Additionally, around October—November, hunting season is active around the Hoover property. Hunting is not allowed on Hoover—but the properties surrounding it may have people hunting there. We will ask you to fill out a waiver acknowledging this during hunting season, and strongly encourage you to stay out of heavily wooded areas and wear bright clothes when out on property.

# Activities and Notes

## Waterfront

Hoover's waterfront is centralized, easily seen and accessed when you first drive on property. Fishing poles, life jackets and boats are in the Boat House, which will be unlocked during your rental time. Fishing is allowed off of the shoreline to the right or left of the docks, but not in the swim area. A lifeguard is required when swimming or boating, and a small craft certified boating instructor is needed to use the boats. Lifeguards are required to fill out the waterfront log in the Boat House every time there is swimming.

**Waterfront Unavailable:** September 21—May 22

## Archery

Equipment is kept in the shed labeled "Maintenance" near the range and will be unlocked during your rental time. An archery facilitator is required to use the area and we do ask that you clean up the range when finished.

**Archery unavailable:** November 2—May 1

## Equipment Rental

Dutch ovens and pie irons will be brought to your rental location by the ranger prior to your stay. On your reservation, you can indicate how many you would like to use. Skis, snowshoes, sports equipment (including GaGa Ball) are kept in the "Toy Room" side of the Long House near the center field. Cross-country skis, ski boots and snow shoes are available in a range of sizes to accommodate Juniors through Ambassadors.

## GaGa Ball

There is one GaGa Ball pit at Hoover for everyone to enjoy, so please be mindful of other campers and remember to share with your fellow Girl Scouts!
