

AMAHAMI ADVENTURE CENTER

434 Page Pond Rd.
Deposit, NY 13754

Tucked in the foothills of the Catskill Mountains in Deposit, NY, Amahami has landscape providing campers access to steep hiking trails, flat open areas and a gorgeous waterfront. The jewel of Amahami is its retired DEC Firetower, the highest point in Broome County, which gives guests a 360-view for miles around! Amahami is GSNYPENN's largest property, with six combination tent and cabin units, a rustic outpost and five buildings, (three available year-round with heat and water), including a large meeting hall capable of holding 275 people. **For questions or help with a reservation contact us at 1.855.213.8555 or reservations@gsnypenn.org.**

RANGER BIO

LARRY WARREN

Say hi to Ranger Larry! Larry is the other jewel of Amahami, working hard to keep this huge wonder clean and running for our Girl Scouts year-round. Larry has worked at Amahami for 22 years. In that time he has built, among other things, the floating dock at the waterfront, wood storage buildings and the sturdy tent platforms. His favorite place at Amahami is the Lorelei Unit because of the beautiful view and scenery, and the covered pavilion on the waterfront—which is perfect for fishing.

SEASONAL RENTALS ❄️

We know that Girl Scouts love to camp year-round, but unfortunately some features and pipes on the property are not available during cold weather months. Please carefully read descriptions marked with a snowflake to see how they are affected by winter availability.

WINTER AVAILABILITY

October 15—May 1

BUILDINGS

RENOVATED IN 2019!

FLETCHER LODGE

CAPACITY: 28 overnight, 200 day **COST:** \$300

With heat, running water and a wrap-around porch providing a beautiful view of the waterfront, Fletcher is more than just the biggest building on our largest property. The lodge includes a meeting room capable of holding up to 275 people at its center, with more than enough room for troop activities. A full commercial kitchen is adjacent to the meeting room. The Troop Wing off the main room has beds for 30 people, a small kitchen and living room for rainy days. Thanks to renovations in 2019, Fletcher now has flushing toilets.

GLADSTONE PINES

CAPACITY: 28 **COST:** \$225/night

Gladstone sits at the top of Amahami, nearest the Archery Range and trail to the Fire Tower. Running water and heat (heated floors, too!) makes Gladstone a popular winter rental. Additionally, Gladstone includes a full kitchen, activity area, two Troop Rooms with bunk beds, a washer and dryer, and fire circle outside.

ROWE TROOP HOUSE

CAPACITY: 36 **COST:** \$225/night

Rowe is almost directly across from Fletcher, located at the base of the road going up to Gladstone. Like Fletcher and Gladstone, it has running water, a kitchen, heat, two bunkrooms full of bunkbeds, a leader room, activity area and fire circle. It is available to rent year-round.

BUILDINGS

BOAT HOUSE

CAPACITY: 4 PRICE: \$160/night

A cute one-room cabin that sits atop an old boat storage area, the Boat House has a fire place, electric and a perfect view of the lake front. There is no access to the storage area beneath the house, so you will have the building all to yourself!

EQUIPMENT RENTAL

Dutch ovens and pie irons are in the kitchen of Fletcher Lodge. Skis and snowshoes are in the lower level of Fletcher through a grey door under the porch, which will be unlocked for your rental. Sports equipment, (including the GaGa Ball) are kept in the second Pat's Crafts Cabin, near the field. The flag is in the glass case at Fletcher.

GAGA BALL

There is one GaGa Ball pit at Amahami for everyone to enjoy, so please be mindful of other campers and remember to share with your fellow Girl Scouts!

TENT UNITS

All units have a fire pit, latrine, pavilion and cold water wash station. Garbage must be brought to Fletcher at the end of your stay to avoid tempting the bears. All units are unavailable during Winter Availability.

LORELEI TENT UNIT ❄️

CAPACITY: 24 **COST:** \$120/night

On the far side of the lake, the six Lorelei Tents sit quietly and peacefully along the shore. A newly-built cooking pavilion has water access for girls to fish and a fire pit is available for them to cook on.

MOUNTAINEER TENT UNIT ❄️

CAPACITY: 12 **COST:** \$120/night

Mountaineer sits atop a gorgeous hill just beyond Pioneer and Robinhood. Three platform tents, and a pavilion form a ring around a sunny, open space with a fire circle in the center.

OUTPOST LEAN-TO UNIT ❄️

CAPACITY: 16 **COST:** \$120/night

For troops that can't get enough camping and want less than a tent or cabin, Outpost Lean-to Units are a great experience for any summer campers. A half-mile hike down a trail starting near Pat's Crafts, are four Adirondack-style wooden-roofed lean-tos that shelter four people. Surrounding the Outpost are multiple trails to hike (if the hike out wasn't enough!).

COMBINATION UNITS

EXPLORER ❄️

CAPACITY: 56 winter (60 summer) **COST:** \$240/night

Explorer is a one-room building with plenty of room for activities or for sleeping. Heat, electric and both gas and wood stoves make it available to use in the winter. Summer campers can also rent the four-person Tent Unit behind the building and have access to the Shower House next door for showers, bathrooms and water. The four ten-person cabins can be rented year-round; however they do not have heat or electric. No running water or tents during Winter Availability.

VIKING ❄️

CAPACITY: 46 winter (54 summer) **COST:** \$240/night

Viking is located on the left side of the lake, at the end of the trail that runs between Fletcher and the waterfront. An exciting feature of Viking is the large garage door that opens to face the lake. In addition to the Troop House, campers can also rent the three ten-person cabins or two four-person tents. No running water, heat or tents during Winter Availability.

PIONEER ❄️

CAPACITY: 36 winter (40 summer) **COST:** \$185/night

Pioneer has three cabins able to hold 12 people in each, and in the summer one platform tent for four more people. Cabins can be rented year-round; however they do not have heat or electric. Pioneer is directly across from Robinhood as you travel up the trail to Mountaineer. No tent capacity, heat or water during Winter Availability.

ROBINHOOD ❄️

CAPACITY: 36 winter (40 summer) **COST:** \$185/night

Robinhood has three cabins that hold 12 people each, and in the summer one platform tent for four more people. Cabins can be rented year-round; however they do not have heat or electric. Robinhood is directly across from Pioneer as you travel up the trail to Mountaineer. No tent capacity, heat or water during Winter Availability.

ACTIVITIES AND NOTES

WATERFRONT

Amahami's waterfront is a turn off of the main road right before Fletcher. Fishing poles, life jackets and boats are kept near the shoreline. Fishing is allowed off of the shoreline to the right or left of the docks, but not in the swim area itself. A lifeguard is required when swimming or boating, and a small craft certified boating instructor is needed to use the boats. Lifeguards are required to fill out the waterfront log in the Boat House every time there is swimming.

Waterfront Unavailable: September 21—May 22

ARCHERY

Archery is at the top of the hill near Gladstone. Equipment is kept in the shed near the range and will be unlocked during your rental time. An archery facilitator is required to use the area and we do ask that you clean up the range when finished with your afternoon.

Archery Unavailable: November 2—May 1

FIRE TOWER

Built in 1935-36 by the Civilian Conservation Corps, the Page Pond Fire Tower was operated by New York State through 1988 for the detection of forest and brush fires. Funding reductions caused New York State to abandon the system. In 1992, New York State transferred ownership of the Fire Tower and the Observer's Cabin to our legacy council, Girl Scouts Indian Hills.
